<b>Short project description:</b>  Public-health project aiming at preventing obesity and promoting healthy diet and lifestyle at national level in Romania.
<b>Expected results:</b>  To contribute to stop and reverse the trend of increasing overweight and obesity in children and adolescents in Romania and increase the percentage of children and adolescents that have a healthy lifestyle. Establishment of institutional platforms at national and local levels. The experiences/information gathered will be used as a base for a National Action Plan for Nutrition and Physical Activity.
