Romania	
Project Promoter: OLS AS	Partner (main): AGORA-PLAST SRL
Type of Applicant: Private entity	Type of partner: Private medium-size entity
Other partners: DENO INGREDIENTS (RO micro Enterprise)	
Grant amount awarded: EUR 4 800 000	Total eligible project cost: EUR 8 093 000
Grant rate: 59%	Case no: 2008/111738
Planned project duration: May 2009-April 2011	Project web-site: http://www.bano.no

Short project description:

The project aims at building a factory and business unit for production of the BANO concept (health care product for bathrooms in hospitals, health institutions and for elderly or disabled persons) in Buzau.

Expected results:

Result 1:

Joint venture company established among the partners

- (OLS AS – 60%; AGORA – 25%; DENO – 15%)

Result 2:

New production facility up and running:

- A new and modern “state of the art” factory ready to produce highly complex quality products for the health-care sector in Romania and Europe (Upgrading of existing 600sqm factory and 7.000sqm new production building on the same spot, equipped with high technology machines and production equipment).
 - Staff trained in sales/marketing, logistic and advanced production and plant operation. (This part is related to project activities taking place after the implementation of this project, and is not a part of this project as these costs are not eligible).
- ISO 9000 certification (IT and QA solutions included).
